## GOING BACK TO THE ROOTS OF GREATNESS

Introducing G.I. SPORTZ's new line of improved paintballs for 2017. We have gone back to the quality and consistency of the famed DRAXXUS™ formulations and tweaked each targeted formula to even higher standards. Look for the patented badge symbols for the assurance of quality and tailored performance formulations and UNLEASH GREATNESS!

3, 4 & 5 STAR paintballs contain DFT FUSE™ Ultra Performance Formulation. This unique formula is the legendary DRAXXUS™ fill and shell technology, the proven benchmark in aerodynamically consistent performance, creating a full line of purpose formulated, title winning tournament paintballs.

1 & 2 STAR paintballs contain the OIL-FREE ECOFILL™ Environment-Friendly DRAXXUS™ Formulation. This unique formulation offers a faster complete biodegradability that is neither toxic nor polluting to the environment attaining a new level in easy-clean and non-staining renewability. Protection for your playing field, equipment and gear.

FROSTBITE paintballs contain the CRYO FILL™ Freeze-Proof Formula found originally in DRAXXUS™ winter paintballs. A true winter formulation researched and developed to perform in cold climates withstanding conditions down to -20°C / -4° F. Bright marking fill and robust easy tracking dual colored shells with printed snowflake symbol of cold weather authenticity.

# GAME CHANGER

Introducing EMPIRE'S new paint line-up now featuring GAME CHANGER technology fills. Engineered to provide players and fields with the perfect paint match-up for all game playing environments and performance needs. Look for these symbols of excellence for the assurance of high level paintball consistency and accuracy for all playing conditions. Fine tune your game for the ultimate playing experience and winning advantage!

RFT™ Fusion Technology, a high performance proven and renowned RPS® fill and shell construction fine tuned to higher standards achieving further excellence in consistency and accuracy. High grade perfectly round shells containing near impossible to wipe cheater eliminating bright thick fills for the ultimate in snap shooting and the high level skill play required for tournaments. RFT™ FUSION TECHNOLOGY is simply grade A excellence.

Our new and proprietary OIL-FREE BIOFILL™ formula line of paintballs contains the first and most environmentally friendly patent-protected alternative fill. It is based on a natural, food-based vegetable ingredient that, unlike oil, is friendly to the phreatic and soil water zones, the soil itself, as well as the field, playing equipment and gear. This ingredient takes easy-clean no-staining to a new level. It is renewable, neutral with respect to the "greenhouse effect", neither toxic nor polluting, and biodegrades faster and completely.

## EMPIRE EVIL

This is one of the best known and most feared paintballs. Evil has pioneered true tournament grade paint. These perfect spheres are built to withstand humidity and other elements that can take their toll on paintball performance. Evil is the paint choice for some of the world's finest teams.

- Tippmann's inline bolt system, which delivers consistent and dependable performance

# FT-50 Lite

14831 - FT-50 LITE RENTAL 5-PACK

## TIPPMANN FT-50 LITE

The FT-50 utilizes the same design of the popular FT-12 with a flip top, tool-less design but with new internals and barrel for .50 Cal games. There are many advantages to .50 cal games including a lower weight, less impact and less mess to clean. When the FT-50 is fully loaded with paint, the smaller hopper still carries over 300 paintballs but the overall weight is much lighter. It also provides a lower impact force that will appeal to younger players. The flip-top design makes rental maintenance easy and quick. Compared to .68 caliber paint, .50 caliber paint has lower cost, takes less storage space, and results in less paint to clean. All of these aspects of the FT-50 will ultimately contribute to the bottom line of a field.

### FEATURES

- All Magnesium Receiver and Grip Frame
- Low Impact .50 Caliber (great for younger players)
- Includes .50 cal Hopper
- Toolless Flip top Design.
- Modular Design
- Reliable, Proven inline bolt system.

## BT-4 COMBAT SLICE

Ever broken a paintball in your barrel? Of course you have, it happens to everyone. Just slide your squeegee down the barrel a couple of times and then start shooting again. Ever break a ball in the breach of your paintball

marker? If so, that's a completely different situation. For most markers, that means a trip off the field to break down your gun and start cleaning. Not anymore. With the Empire BT4 Slice feature, remove the hopper and just pull one of the shell pins and open it up to get inside to clean. You can do it right there, on the field, while under air pressure.

No other marker gives faster access to the internals of your marker than the Empire BT4 Slice Combat paintball marker, also known as the BT4 Slice Combat paintball gun. This semi-auto baby has been made for years by Empire and has moved one step closer to the perfect paintball gun. Break it down in less than 15 seconds, give it a quick cleaning and be back fighting your opponents in less than 1 minute. Spend more time on the field and less time doing maintenance with the BT4 Slice Combat from Empire Battle Tested paintball.

17120

### FEATURES

- New Field strippable design – simply remove ONE tool-less pin and the marker opens up for maintenance
- Maintenance can be performed in the field while under air pressure
- Redesigned shells for tool-less access to all internals
- Reduced Picatinny rails for easier cleanup
- Bolt on foregrip – position adjustable, but no longer easily removed by rental players
- AR-15 style T-cocking handle – no side opening for paint and dirt to enter
- Redesigned trigger guard accommodates hands with gloves
- Electronic ready grip frame

# Sniper

## EMPIRE SNIPER PUMP MARKER

Built upon the foundation of the legendary Autococker design, Empire Paintball has created the Sniper, a new tournament level pump marker with a classic name. Bud Orr created the original Sniper in 1986, listening to Rock me Amadeus on the radio and creating the legacy that became WGP. This new Sniper incorporates the same DNA while adding the touches you expect from Empire. Cool styling, rugged reliability, and optimal performance. With the Sniper, stay true to the past, but perform like the present.

- Delrin pump handle and sled
- Vertical feed design
- 300 psi gauge can be placed on either side
- Inline regulator with swivel adapter
- T-mounted On/Off ASA with bleed
- Dual stainless steel pump rods for maximum stability
- 45 Frame molded wrap around grips with finger grooves

## RESURRECTION

## EMPIRE RESURRECTION

is the Autococker reborn, where new school style meets old school design. Taking the best parts out of classic WGP models, we've created a super smooth and accurate 'Cocker that all players will love. With all the bells and whistles installed to make the Resurrection live up to the beloved Autococker legacy from WGP, but designed with a distinct Empire twist. Step onto the field, but not back in time with the Empire Resurrection in your hands.

### FEATURES

## JT VORTEX 2 FAN

The Vortex 2 fan features a highspeed motor which extracts humid air from inside the goggle during game play.

Is fog always winning no matter where or when you play? The first step to a fog free game of paintball is a thermal lens for you goggle system. The Vortex fan is a close second! Designed to circulate air inside the mask this little fan combined with a thermal lens will prevent fog in Alaska at 10°F, 120% humidity, and panting from a 100yrd sprint. These fans are so powerful you can play with them turned off, then once you fog up, switch them on for 10-20 seconds and completely remove fog from you lens. If your fan is loud just add a few drops of paintball marker oil to the drive shaft and its back to stealth hunting! If fog is your enemy, step up your game!

23214 - JT Vortex 2 Fan / Black

## JT SPECTRA THERMAL LENSES

All JT Spectra Thermal Lenses are treated with a super scratch resistant silicone hard coat. JT's special silicone formula is three times stronger than the industry standard and offers more protection than any other lens on the market, in simple terms it's built to last.

These lenses are used in the JT Proshield, Proflex & Premise Goggle Systems as well as the Tippmann Tactical Airsoft Goggle

### FEATURES:

- JT Spectra Thermal lenses pass ASTM standard for eye protection

# HALO<sup>TOO</sup>

## EMPIRE HALO TOO LOADER

The best performing paintball loader for the money. With a cost that is less than half the price of some top paintball loaders, the outstanding performance of this paintball loader will make this an easy choice for most players.

Halo's ultra-quiet belt drive will force-feed 20+ balls-per-second, allowing your marker to throw plenty of paint at your opponent. The Freeway™ Anti-Jam keeps the paintball loader from jamming and breaking paintballs, so you'll still be shooting while others are busy scraping paint. Constructed with a polycarbonate shell that can withstand any hit and can easily fit 180 paintballs.

An on-board computer directs the sound-activated feeding and allows you to program the Motor Speed, Microphone Sensitivity and Feed Stack monitoring.

### FEATURES:

- 20+ bps
- Ultra quiet belt drive
- Freeway Anti-Jam for continuous ball feed
- Sound activated feeding
- 180 ball capacity
- Low battery indicator
- 1-hour auto Shut-Off
- Matte black color

# SPLITTER

## EMPIRE 200 ROUND LOADER

Empire has taken the standard 200-round hopper and through clever engineering creates a gravity hopper that decreases ball jams while increasing the rate of fire.

The Splitter is a suspended, inverted cone that reduces the downward pressure on the balls allowing them to feed cleanly down the funnel.

No moving parts or batteries are needed for this hopper which can even outperform some electronic agitator loaders.

Not having a motor ensures zero noise or sound from the hopper, keeping you super stealthy on the field.

The Splitter is the perfect hopper to pair with your mechanical and e-grip marker making you a formidable opponent.

## CONTACT ZERO

### EMPIRE CONTACT ZERO PANTS

We polled our top teams and heard one resounding request in a paintball pant – “less weight, more venting, same durability and great protection.”

The Empire Contact Zero pants are lighter, 12½ ounces lighter to be exact! Almost a full pound of weight off your legs! A new Pro-Lite stretch abrasion resistant material makes this all possible. The Pro-lites are less constricting, designed to help keep you cool, comfortable and unimpeded in the heat and humidity of the season.

Laser perforated ventilation at the rear of the pant encourages massive air movement and helps wick away moisture. Sonic welded seam tape adds to the strength and durability without adding weight. Adjustable ankles and waist allow for a truly custom fit.

Sometimes lighter weight translates to less durable; this is absolutely not the case for the Contact Zero pants. These are made from the highest end fabrics & materials using the latest in manufacturing technology to make sure they last. There is no need to look any further; you have found the best pants in paintball.

- Power stretch mesh panels that are extremely soft and ultra breathable.
- 4-Way stretch groin panel for complete range-of-motion.
- Laser cut vent holes for additional breathability.
- Hand pockets with waterproof zippers will keep your valuables safe.
- Microfiber cloth attach by a bungee so you can't lose it.
- Elastic leg cuffs allow for you to adjust to any length.
- Adjustable waistband creates the perfect fit.
- Belt loops so you can rock that rodeo buckle.
- Secure double-snap waist system won't open while you're under pressure.
- Dual rear swab pockets, good for lefties and righties.
- Rugged hip and knee panels won't rip but will flex like no other pants.
- Heavy duty nylon back panels for extra durability.

**PRO-lite™**  
CONTACT ZERO

## CONTACT ZERO CUSTOM JERSEY

Our in-house motto at Empire is always be innovating. We work year round to bring our customers the latest technology in the paintball products we are developing. All the way from our markers & goggles, down to our playing apparel. Last year we developed a cutting edge custom engineered "Em-Dri" fabric into the contact line, and this year we are introducing it into the contact zero line.

The Empire Contact Zero jersey is a combination of the Contact "Em-Dri" fabric & the Contact Zero lightweight breathable concept, culminating in an unmatched combination of style and thermoregulation performance features. Empire engineered "Em-Dri" panels are designed to take into account, spatial distribution of heat and moisture to different parts of the body and regulate the airflow and moisture.

This makes the Contact Zero the most comfortable, lightweight and breathable paintball jersey available. Stop searching, because you're looking at the very best jersey in paintball.

### FEATURES:

- Empire strategically engineered "Em-Dri" panels provide passive cooling where you need it most, keeping the jersey extremely light and comfortable.
- Laser cut & sealed ventilation holes. It's like built-in air-conditioning.
- Tuf-mesh elbows are abrasion resistant & breathable on your forearms. Wearing elbow pads is hot enough, let those things breathe!
- Lycra-Stretch forearms and cuff for a custom fit over your elbow pads.
- Integrated Bio-foam lycra glove protects your palms from turf burn and the back of your hands from paintballs.
- 100% NCPA Legal. "Zero" padding.
- Customizable
- No design fee.
- Available in sizes: SM, MD, LG, XL, 2XL, and 3XL
